

# Grants, Contracts and Awards

1998–1999

**Albin, M.** (Supervisor: Warsh, J.J.) *Open Studentship*. University of Toronto

**Ali, A.** (Supervisor: Toner, B.B.) *Depression and its psychosocial correlates in Caribbean women: a cross-cultural study*. Eli Lilly Canada

**Andreopoulos, S.** (Supervisor: Warsh, J.J.) *Master's Fellowship*. University of Toronto

**Andreopoulos, S.** (Supervisor: Warsh, J.J.) *Ontario Graduate Scholarship*. Ministry of Education and Training

**Atkinson, L.** *Attachment and psychopathology (2<sup>nd</sup> international conference)*. Ontario Mental Health Foundation

**Atkinson, L. and Schneider, B.** *Attachment and peer relations in children: a meta-analysis*. Ontario Mental Health Foundation

**Atkinson, L., Trehub, S. and Kerr, S.** *Internal working models and information processing in mothers and infants*. Social Sciences and Humanities Research Council

**Awad, A.G. and Voruganti, L.N.P.** *Motivation in schizophrenia*. Paul Steinhaur Fund

**Bagby, R.M.** *Development and maintenance of the depression clinic database*. Clarke Institute of Psychiatry Foundation

**Bagby, R.M.** *The assessment of malingering and defensive responding on the MMPI-2*. Social Science Humanities Research Council

**Barbaree, H.E.** *The Clarke sex offender program for high risk federal parolees*. Correctional Service of Canada

**Barbaree, H.E.** *The Warkwork Sexual Behaviour Clinic*. Correctional Service of Canada

**Barr, C. and Kennedy, J.L.** *Investigation of genetic factors in attention deficite hyperactivity disorder*. Medical Research Council of Canada

**Bassett, A. Chow, E.W.C., Weksberg, R. and Brzustowicz, L.** *Characterizing a genetic subtype of schizophrenia*. National Alliance for Research on Schizophrenia and Depression

**Bassett, A., Chow, E.W.C., and Weksberg, R.** *Phenotypes and genotypes of adult patients with schizophrenia and VCFS*. Ontario Mental Health Foundation

**Bassett, A., Chow, E.W.C., Weksberg, R., Zipursky, R. and Brzustowicz, L.** *Deletion 22q11 and velocrdiofacial syndrome: the delineation of a district genetic subtype of schizophrenia*. Scottish Rite Schizophrenia Research Program

**Bassett, A., Honer, W., Husted, J., Brzustowicz, L. and Chow, E.W.C.** *Localizing genes for familial schizophrenia*. Medical Research Council of Canada

**Bassett, A., Husted, J., and Chow, E.W.C.** *Refining the behavioural phenotype of familial schizophrenia*. Schizophrenia Society of Ontario

**Bassett, A., Chow, E.W.C., and Husted, J.** *Genetic anticipation and imprinting in schizophrenia*. Scottish Rite Schizophrenia Research Program

**Beiser, M.** *Access and equity research on health and social services project*. Health Canada

**Beiser, M.** *Centre of excellence for research on immigration and settlement*. Social Science and Humanities Research Council

**Beiser, M.** *CERIS – new Canadian children and youth study: pilot project phase one*. Health Canada

**Beiser, M.** *CERIS and CJRT: open college radio series "Strangers Becoming Us."* Ontario Settlement Directorate, CIC

**Beiser, M.** *Ceris-pac research training project*. Ontario Settlement Directorate, CIC

**Beiser, M.** *David Crombie Professorship*. CIP Foundation/Heritage Canada

**Beiser, M.** *National Health Scientist Award*. National Health Research and Development Program

**Beiser, M. and Hyman, I.** *A study of new immigrant children*. Human Resources Development Canada

**Beiser, M. and Keystone, J.S.** *Stress and tuberculosis among immigrants*. Medical Research Council of Canada

**Beiser, M., Rummens, A. and Hyman, I.** *Immigrant preceptions of mental illness and their use of mental health services*. Social Science and Humanities Research Council

**Beitchman, J.H. and Smith, M.** *A multidisciplinary clinical research program for investigation and treatment of anger, aggression and violence across the lifespan*. Clarke Institute of Psychiatry Foundation

- Beitchman, J.H., Wheaton, B.M., Johnson, C., Young, A. and Atkinson, L.** *Transitions to adulthood: development pathways from preschool to young adult linguistic, academic and psychosocial outcomes.* Health and Welfare Canada
- Blanchard, R., Barbaree, H.E., Zucker, K.J., Dickey, R. and Bogaert, A.F.** *Biodemographic studies of homosexual and heterosexual pedophiles.* Social Science and Humanities Research Council
- Boydell, K.M., Gladstone, B., Ilves, P. and Trainor, J.** *Motivation and schizophrenia.* Paul Steinhauer Fund
- Boydell, K.M., Trainor, J.N. and Nelson, G.** *A longitudinal analysis of family initiatives in community mental health in Ontario.* Ontario Mental Health Foundation
- Bradwejn, J., Segal, Z.V., Koszyki, D. and Boulenger, J.P.** *Self administered CBT versus sertraline for the treatment of panic disorder.* Pfizer Inc.
- Brown, C.** (Supervisor: Coscina, D.V.) *Ontario Graduate Scholarship.* OSG
- Brown, G.M.** *Modulation of GABAA receptors by melatonin –cellular and molecular analysis.* Servier Canada
- Brown, G.M., Kennedy, S.H., and Seeman, M.V.** *Biological basis of gender differences in schizophrenia.* Schizophrenia Society of Canada
- Brown, G.M., Kennedy, S.H. and Swinson, R.P.** *Brain serotonin in depression and panic disorder.* Medical Research Council of Canada
- Chang, A.** (Supervisor: Warsh, J.J.) *Doctoral Research Award.* Medical Research Council of Canada
- Chong, S.A., Remington, G. and Mahendran, R.** *Clinical characteristics and associated factors in neuroleptic induced akathisia of Asian patients with schizophrenia.* Medical Research Council of Canada
- Chow, E.W.C.** *Velocardiofacial syndrome and schizophrenia: the neuropsychiatric phenotype.* National Alliance for Research on Schizophrenia and Depression
- Chow, E.W.C., Bassett, A., Weksberg, R. and Zipursky, R.B.** *MRI findings in VCFS schizophrenia patients with and without 22q11 deletions.* Schizophrenia Society of Canada
- Christensen, B., Bilder, R.M., Stuss, D.T. and Wilson, D.** *The role of verbal memory deficits in medication compliance among persons with schizophrenia.* Paul Steinhauer Fund
- Clayton, R.R. and Kennedy, J.L.** *NIDA substance abuse longitudinal study.* National Institute on Drug Abuse
- Corrigall, W.A.** *Adolescent smoking: a biobehavioural approach to understanding the patterns of trajectory to nicotine dependence.* Robert Wood Johnson Foundation
- Corrigall, W.A.** *Cholinergic and opiate mechanisms in drug reinforcement.* National Institute on Drug Abuse
- Corrigall, W.A. and Le, D.A.** *Ethanol-nicotine interaction in alcohol-preferring rats.* National Institute on Alcohol Abuse and Alcoholism
- DaSilva, J.N.** *PET imaging of drug-naïve hemiparkinsonian patients with D1 agonist R-[11C]SKF 82957.* National Parkinson Foundation
- DaSilva, J.N., Guttman, M. and Houle, S.** *PET imaging of hemiparkinsonian patients with D1 agonist R-[11C]SKF 82957.* Parkinson Foundation of Canada
- DaSilva, J.N., Houle, S. and Wilson, A.A.** *Development of new radiotracers for studying dopamine D1 receptors.* Medical Research Council of Canada
- Devins, G.M.** *Senior Scientist (Health Research).* Medical Research Council of Canada
- Devins, G.M.** *Culturally Appropriate Renal Education (CARE).* National Health Research and Development Program
- Devins, G.M. and Binik, Y.M.** *Pre-dialysis psycho-educational intervention.* National Health Research and Development Program
- Devins, G.M., Richardson, R.M., Beiser, M., Bargman, J.M., Llewellyn-Thomas and Wadgyamar, J.A.** *Gender and ethnocultural moderators of illness-intrusiveness across the lifespan.* Medical Research Council of Canada
- DeWit, D.J. and Offord, D.R.** *The relationship between geographic relocation and childhood problem behaviour.* Medical Research Council of Canada
- Dickey, R.** *Psychiatric clinic: team supervision unit.* Correctional Service of Canada
- Dickey, R.** *Risk assessment.* Correctional Service of Canada
- Dresser, J. and Gliksman, L.** *Comparing two legislative approaches to serve education.* National Institute on Alcohol Abuse and Alcoholism
- Drossman, D.A., Toner, B.B., Whitehead, W. and Diamant, N.E.** *Multicentre trial of functional bowel disorder.* National Institute of Health
- Esplen, M.J., Glendon, G., Hunter, J. Madlensky, Stuckless, N. and Toner, B.B.** *Genetic predisposition to cancer: the impact on individuals, families and society.* Change Foundation
- Ferrence, R.** *Evaluation of ban on smoking in restaurants and bars in the city of Toronto.* Ministry of Health, Public Health Branch
- Ferrence, R.** *Smokeless tobacco: use, health effects and options for policy.* Health Canada

- Ferrence, R., Hotte, A. and Abernathy, T.** *Smoking cessation survey of public health units: April 1-June 30, 1998; Tobacco Control Enforcement Activities: April 1 – December 31, 1998.* Ontario Ministry of Health
- Ferrence, R. and McDonald, P.** *Guidelines for the prevention of smoking in youth.* Cancer Care Ontario
- Fischer, B.** *Coordination, feasibility research, proposal development for North America injectable opiates trial.* Open Society Institute
- Fischer, B.** *Ontario methadone physician survey.* Open Society Institute
- Fischer, B. and Wortley, S.** *Evaluation study of Toronto prostitution offender diversion project.* National Crime Prevention Centre
- Fletcher, P.J.** *An analysis of the functional role of dopamine in the ventral pallidum.* Natural Sciences and Engineering Research Council
- Fletcher, P.J.** *Career Scientist Award.* Ontario Ministry of Health
- Fletcher, P.J.** *Serotonin-dopamine interactions and reward-related behaviour.* Medical Research Council of Canada
- Gemar, M.C.** *A PET study of cerebral activation under mood challenge following response to either pharmacotherapy or cognitive behaviour therapy for depression.* National Alliance for Research on Schizophrenia and Depression
- George, S.R. and O'Dowd, B.F.** *Dopamine and opioid neurons in brain: substrates for nicotine action.* Smokeless Tobacco Research Council
- George, S.R. and O'Dowd, B.F.** *Receptors for opioid peptides: cloning and characterization.* Medical Research Council of Canada
- Giesbrecht, N., Bondy, S., Demers, A., Lindquist, E., Ogborne, A. and Room, R.** *Canadian alcohol policy project: Alcohol policies in Canada, a study of national and provincial change.* National Health Research and Development Program
- Gliksman, L. and Adlaf, E.M.** *Cayman Islands student drug use survey.* Cayman Islands National Drug Council
- Gliksman, L., Demers, A., Adlaf, E. and Newton-Taylor, B.** *University student alcohol use: a national study of prevalence, determinants, behaviours and consequences.* Brewers Association
- Gliksman, L., Demers, A., Adlaf, E. and Newton-Taylor, B.** *University student alcohol use: a national study of prevalence, determinants, behaviours and consequences.* Queen's University
- Gliksman, L., Demers, A., Adlaf, E. and Newton-Taylor, B.** *University student alcohol use: a national study of prevalence, determinants, behaviours and consequences.* Universite du Montreal
- Goering, P.N.** *Coordinating centre for community health evaluation initiative.* Ontario Mental Health Foundation
- Goering, P.N.** *Health system Research Unit-Methodologist.* Clarke Institute of Psychiatry Foundation
- Goering, P.N., Cochrane, J., Durbin, J., Macfarlane, D. and Palmer, H.** *Comprehensive assessment project, Lakehead Psychiatric Hospital.* St. Joseph's Care Group
- Goering, P.N., Cochrane, J., Durbin, J., Macfarlane, D. and Palmer, H.** *London/St. Thomas comprehensive assessment project.* Thames Valley District Health Council
- Goering, P.N. and Gang, M.A.** *National conference on Best Practices and Mental Health Reform.* Canadian Health Services Research Foundation
- Goering, P.N., Macfarlane, D., Wasylenki, D., Durbin, J., Cochrane, J. and Butterill, D.** *Defining tertiary mental health care services.* District Health Council of South West Ontario
- Goldberg, S., Benoit, D., and MacKay, S.** *Understanding emotions: the key to parent-infant relationships.* Ontario Mental Health Foundation
- Gotowiec, A.** *Ethnic identity in adolescence: process, context and outcome.* CIP-Culture and Health
- Greenfield, T., Giesbrecht, N. and Kaskutas, L.A.** *A study of alcohol policy development process in the United States.* Robert Wood Johnson Foundation
- Greenfield, T. and Rehm, J.** *Alcohol and mortality: ethnic and social influences.* National Institute on Alcohol Abuse and Alcoholism
- Greenwald, E.** (Supervisor: DaSilva, J.) *Open Scholarship.* University of Toronto
- Guttman, M.** *Centre of excellence: Parkinson's disease.* National Parkinson's Disease Foundation
- Guttman, M.** *Co-enzyme Q10 and remacemide: evaluation in Huntington's disease patients (CARE-HD).* National Institute of Health
- Guttman, M.** *Dopamine transporter regulation in Parkinson's disease.* Medical Research Council of Canada
- Guttman, M.** *Effect of riluzole on progression of Parkinson's disease.* Rhone-Poulenc Rorer
- Guttman, M.** *PD gene study.* National Institute of Health

- Guttman, M.** *Porcine fetal neuronal cells for transplantation into Huntington's disease patients.* Diacrin Inc.
- Guttman, M.** *Pramipexole study: double blind, placebo controlled, parallel group comparison....* Boehringer Ingelheim Ltd.
- Guttman, M.** *A randomized, pilot, assessor blinded, placebo controlled trial to assess striatal dopamine transporter regulation with [11-C]RTI-32 and PET....* Boehringer Ingelheim Ltd.
- Guttman, M.** *Safety and efficacy of pramipexole in progressive supranuclear palsy.* Pharmacia Upjohn
- Guttman, M.** *Tolcapone versus placebo in Parkinson's disease patients.* Hoffmann LaRoche
- Guttman, M. and Naylor, D.** *Pilot health economic project in Parkinson's disease.* Institute for Clinical Evaluative Sciences
- Henderson, J.L.** *Postgraduate scholarship: attachment and psychopathology.* Social Sciences and Humanities Research Council
- Hipolide, D.C. and Dalmeida, V.** (Supervisor: Nobrega J.N.) *Cytotoxic effects of sleep deprivation.* AFIP (Brazil)
- Hodges, B., Hanson, M., Regehr, G. and Tiberius, R.** *Do experts solve problems using checklist?* Medical Research Council of Canada
- Hood, E.** *Baffin Island consultation services.* Baffin Island Regional Health Centre
- Hood, E. and Abbey, S.** *Baffin suicide study.* Clarke Institute of Psychiatry Foundation
- Hua, L.** (Supervisor: Li. P.P.) *Fellowship.* University of Toronto
- Jain, U.** *Paroxetine and dextroamphetamine treatment in ADHD.* SmithKline Beechman Pharma
- Jain, U., Li, Z.H., Sloman, L. and Alibaby'iy, R.** *Risperidone phase III trial: the safety and efficacy of risperidone versus placebo in conduct disorder in mild, moderate and borderline....* Janssen-Ortho Pharmaceuticals
- Kapur, S.** *5HT1A receptors in schizophrenia: a PET investigation.* ELJB Foundation Scholar Program
- Kapur, S.** *Amoxapine as an antipsychotic: a clinical PET study.* University of Toronto
- Kapur, S.** *Clinical Scientist Training Award, phase 1.* Medical Research Council of Canada
- Kapur, S. and Zipursky, R.B.** *A single-site PET study to investigate the D2 and 5HT2 occupancy and its relationship to clinical outcome.* Eli Lilly Inc.
- Kaspar, V. and Noh, S.** *Investigation of social and emotional development of children and adolescents.* Social Sciences and Humanities Research Council
- Katzman, M., Bourdeau, D. and Richter, M.A.** *A double-blind placebo-controlled multi-centre study of fixed doses of paroxetine 20 and 40 mg in the treatment of post-traumatic stress disorder.* SmithKline Beecham Pharma
- Katzman, M., Bourdeau, D. and Richter, M.A.** *A double-blind placebo-controlled study to evaluate the efficacy and tolerability of paroxetine in generalized anxiety disorder.* SmithKline Beecham Pharma
- Kennedy, J.L.** *Family collection for genetics studies of bipolar disorder.* AxyS Pharmaceutical
- Kennedy, J.L.** *Genetics of bipolar disorder.* Sequana Therapeutics Inc.
- Kennedy, J.L., Barr, C.L. and Kovacs, M.** *Risk factors in childhood onset depression.* Medical Research Council of Canada
- Kennedy, J.L. and Clayton, R.R.** *Substance abuse longitudinal study.* National Institute on Drug Abuse
- Kennedy, J.L. and Niznik, H.B.** *Genetic studies of dopamine receptor genes.* Medical Research Council of Canada
- Kennedy, J.L., Petronis, A. and Macciardi, F.M.** *Strategies for gene discovery in schizophrenia.* Medical Research Council of Canada
- Kennedy, S.H.** *Guidelines in depression and anxiety disorders.* Ministry of Health
- Kennedy, S.H. and Cohen, N.** *Development of a self-report scale to predict drug compliance in depression.* Social Sciences and Humanities Research Council
- Kennedy, S.H., Houle, S. and Kapur, S.** *A comparative positron emission tomography study of 5HT2 receptors in patients with major depression and in healthy volunteers.* Medical Research Council of Canada
- Kennedy, S.H., Meyer, J. Houle, S. and Kapur, S.** *PET study of 5HT2 receptors in major depression before and after paroxetine treatment.* Canadian Psychiatric Research Foundation
- Kennedy, S.H., Raskin, J., Parikh, S. and Cooke, R.** *A multicentre double-blind double dummy placebo and lithium controlled randomized flexible dose evaluation of the lamotrigine....* Glaxo Wellcome Inc.
- Kennedy, S.H., Raskin, J., Parikh, S. and Cooke, R.** *A multicentre double-blind placebo controlled randomized fixed dose evaluation of the safety and efficacy of lamotrigine....* Glaxo Wellcome Inc.
- Kennedy, S.H., Raskin, J., Parikh, S. and Sealey, K.** *Olanzapine added to mood stabilizers in the treatment of bipolar disorder.* Eli Lilly Canada Inc.

- Kessler, R.C., Ustun-Bedirhan, T., Aguilar-Gaxiola, S., DeWit, D.J. and Little, R.** *International research on the epidemiology of drug abuse*. National Institute on Drug Abuse
- Kish, S.** *Brain neurochemistry of human methamphetamine users*. National Institute on Drug Abuse
- Klassen, P.E.** *Assessment and treatment of aggressive behaviour in the workplace*. George Weston Limited
- Knapp, M.** (Supervisor: Van Tol, H.H.M.) *Overexpression of dopamine receptors using adenovirus*. Ontario Mental Health Foundation
- Langevin, R., Curnoe, S. and Lang, R.A.** *Overexpression of dopamine receptors using adenovirus*. Ontario Mental Health Foundation
- Lau, M.** *Inhibitory control and frontal lobe dysfunction in unipolar depression*. Ontario Mental Health Foundation
- Lau, M., Christensen, B., Gemar, M. and Segal, Z.V.** *The role of inhibitory control in depressive cognition*. Medical Research Council of Canada
- Le, A.D. and Shaham, Y.** *CRF and relapse to alcohol*. Pfizer Canada Inc.
- Lee, F.J.S.** (Supervisor: Niznik, H.B.) *Studentship*. Ontario Mental Health Foundation
- Levitan, R.D.** *Serotonin genetic variation and increased eating behaviour in seasonal affective disorder and bulimia nervosa*. Ontario Mental Health Foundation
- Levitan, R.D.** *Young Investigator Award*. National Alliance for Research on Schizophrenia and Depression
- Levitan, R.D. and Kennedy, S.H.** *The role of HPA-axis genetic variation and social affiliation on the cortisol stress response in adults: a depression*. Younger Foundation
- Levitan, R.D., Masellis, M., Kennedy, S.H., Kaplan, A.S., Vaccarino, F.J. and Woodside, B.** *Polymorphism in serotonin system genes: putative role in increased eating behaviour in seasonal affective disorder and bulimia nervosa*. Ontario Mental Health Foundation
- Li, P.P.** *Alteration of gene expression in bipolar affective disorder*. National Alliance for Research on Schizophrenia and Depression
- Li, P.P.** *Identification and characterization of genes regulated by lithium and other mood stabilizers*. Canadian Psychiatric Research Foundation
- Li, P.P.** *Identification and characterization of lithium-regulated delayed-response genes*. Ontario Mental Health Foundation
- Lin B., Goering, P. and Williams, J.I.** *The Utilization of physician services for mental health in Ontario*. Institute for Clinical Evaluative Sciences
- Liu, F.** (Supervisor: Niznik, H.B.) *Cleghorn Fellowship*. University of Toronto
- Liu, S.C.I.** (Supervisor: Nobrega, J.N.) *Post-doctoral fellowship*. Medical Research Council of Canada
- Llewellyn-Thomas, H.A., Devins, G.M., Beiser, M. and Rummens, A.W.** *Ensuring cultural equivalence of mental health measures: depression and somatization*. Medical Research Council of Canada
- MacKay, S.A. and Hanson, M.** *The arson and prevention program for children (TAPP-C)*. Ontario Fire Marshals Public Safety Co.
- Mann, R., Macdonald, S. and Bondy, S.** *Assessing the potential impact of lowering the legal blood alcohol limited to 50mg per cent in Canada*. Transport Canada
- Mann, R., Smart, R., Vingilis, E. and Beirness, D.** *Administrative license suspensions in Ontario: evaluation of impact and tests of the differential deterrence hypothesis*. ABMRF
- McCay, E.** *Insight in schizophrenia*. Paul Steinhauer Fund
- McCay, E.** *Preventing chronicity after a first episode of psychosis: a program for research*. National Alliance for Research on Schizophrenia and Depression
- McCay, E., Ryan, K., Leszcz, M., Goering, P., Gallop, R., Johnston, N. and Seeman, M.V.** *Preventing chronicity after a first episode of schizophrenia*. Ontario Mental Health Foundation
- McKarney, L.** (Supervisor: Van Tol, H.H.M.) *Expression of D2 receptors in D1 neurons as a model for dopaminergic hyperactivity*. Canadian Psychiatry Research Foundation
- Meyer, J. Kapur, S., and Houle, S.** *A comparative positron emission tomography study of 5HT2 receptors in patients with major depression*. Medical Research Council of Canada
- Meyer, J. Kennedy, S., and Houle, S.** *5-HT2A receptors in depression*. National Alliance for Research on Schizophrenia and Depression
- Moszczynska, A.** (Supervisor: Kish, S.) *Studentship*. Ontario Mental Health Foundation
- Naranjo, C.A., Busto, U.E. and Turksen, I.B.** *Predicting response to pharmacotherapy in alcohol dependence by using fuzzy logic: naltrexone and citalopram*. Medical Research Council of Canada
- Negrete, J.C., and Collins, J.** *Development and field trial of the addiction research foundation psychiatric screener*. ARF-CSER

- Negrete, J.C., Styrsky, E. and Heslegrave, R.** *12 month clinical outcome of patients admitted to the Wellesley Hospital psychiatry in-patient service.* Wellesley / St. Michael's Psychiatry Associates
- Nelson, G., Boydell, K.M. and Trainor, J.N.** *A longitudinal analysis of consumer/survivor initiatives in community mental health in Ontario.* Ontario Mental Health Foundation
- Niznik, H.B.** *Career Scientist Award.* Ontario Ministry of Health
- Niznik, H.B.** *Clustering of the dopamine transporter by A-synuclein: implications for the etiology of Parkinson's disease.* Private Company
- Niznik, H.B., Elscholtz, H.O., Van Tol, H.H.M., Seeman, P. and Kennedy, J.L.** *Dopamine receptor genes in brain psychomotor disease.* Medical Research Council of Canada
- Niznik, H.B., Pristupa, Z.B., Nobrega, J.N., Vernier, P., Levey, A.D.** *Novel D1 receptors for dopamine and cocaine.* National Institute on Drug Abuse
- Nobrega, J.N. and Joffe, R.T.** *Brian thyroid hormones in models of depression.* Ontario Mental Health Foundation
- Noh, S. and Beiser, M.** *Immigration and childhood mental health: an investigation of Lorean immigrant children.* Medical Research Council of Canada
- Noh, S. and Chen, X.** *Culture stress coping and sense of well being in youth.* Social Sciences and Humanities Research Council
- Noh, S. and Hyman, I.** *Pathways and barriers to mental health care for Ethiopians in Toronto.* CERIS
- Nussbaum, D., Malcolmson, S. and Wright, P.** *A remote computer base fitness assessment system.* Department of Human Services and Justice
- O'Dowd, B.F. and George, S.R.** *The biology of dopamine and serotonin receptors.* Medical Research Council of Canada
- Ogborne, A.** *Analysis of treatment of rehabilitation database re: Best Practices.* Canadian Centre on Substance Abuse
- Ogborne, A.** *Evaluation of the CCENDU project.* Canadian Centre on Substance Abuse
- Ogborne, A.** *Phase III evaluation of the Swiss studies on medical prescription of narcotics.* World Health Organization
- Palmour, R.M., Vaccarino, F.J., Bateson, A., Baker, G.B., Ervin, F., Chaudhuri, A.** *CCK and anxiety: neurobiological characterization.* Medical Research Council of Canada
- Parikh, S. and Kennedy, S.H.** *The safety and efficacy of Risperdal versus placebo as add-on therapy to mood stabilizers in the treatment of the manic phase of bipolar disorder.* Janssen Research Foundation
- Pato, C., Kennedy, J.L., and Macciardi, F.M.** *Genetics of psychosis in Portugal.* National Institute of Mental Health
- Petronis, A.** *A comprehensive search for genetic risk factors in major psychosis.* Ontario Mental Health Foundation
- Petronis, A. and Kennedy, J.L.** *Genetic and epigenetic analysis of CAG/CTG repeat sequences in major psychosis.* National Alliance for Research on Schizophrenia and Depression
- Pinhas, L., Miner, A., Gillies, L., Steadman, J. and Toner, B.B.** *Interpersonal psychotherapy versus cognitive behaviour therapy in the treatment of adolescent bulimic girls: a pilot study.* Genesis Research Foundation
- Poulos, C.X.** *Pavlovian processes in tolerance and sensitization to drug and Impulsivity as a determinant of vulnerability to addiction.* National Sciences and Engineering Research Council
- Pristupa, Z.B.** *Dopamine receptor oligomerization.* Ontario Mental Health Foundation
- Pristupa, Z.B.** *Young Investigator Award.* National Alliance for Research on Schizophrenia and Depression
- Quinsey, V.L., Lalumiere, M.L., Rice, M.E. and Harris, G.T.** *Risk indicators of sexually coercive behaviour : a prospective and retrospective study of rapists.* Social Sciences and Humanities Research Council
- Rdovanovic, H., Birnbaum, R., Hood, E. and McTravish, W.** *A brief evaluation model for families in custody and access disputes: Family and court outcomes.* Department of Justice
- Rector, N., Seeman, M.V. and Segal, Z.V.** *Cognitive behavioural therapy for women with psychosis.* Ontario Mental Health Foundation
- Rehm, J., Ferrence, R. and Cohen, J.** *Cigarette price and smoking behaviours in Canadian provinces: a longitudinal analysis.* National Cancer Institute of Canada
- Rehm, J., Miller, A., Ashley, M.J., Jaim, M., Bondy, S., Ferrence, R. and Rohan, T.** *Smoking, alcohol consumption and mortality in Canadian women.* Medical Research Council of Canada
- Remington, G.** *Plasma lozapine levels, metabolites and clinical response.* Weston Laboratories
- Remington, G. and Collins, A.** *Schizophrenia: a psychoeducation program.* Janssen Pharmaceutical Inc.
- Remington, G. and Kapur, S.** *A clinical PET study of haloperidol deaconate.* Pharmascience Inc.

- Richter, P.A., Kennedy, J.L. and Swinson, R.P.** *Obsessive compulsive disorder: an innovative genetic study.* Ontario Mental Health Foundation
- Rootman, I. and Ferrence, R.G.** *Ontario Tobacco Research Unit.* Ministry of Health
- Ross, B.** *New Investigator Fellowship.* Ontario Mental Health Foundation
- Ross, B.** *Role of phospholipase A2 in dopaminergic behaviour.* Ontario Mental Health Foundation
- Rovet, J., Daneman, D. and Jain, U.** *Thyroid hormone, attention and memory in congenital hypothyroidism and ADHD.* Medical Research Council of Canada
- Rush, B.R.** *Proposal for the development and implementation of a basic (interim) client monitoring system for the treatment of problem gambling in Ontario.* Ontario Substance Abuse Bureau
- Rush, B.R. and Meredith, L.** *Project proposal for phase II of DATIS 1997-1999: full integration and utilization, cost and outcome components.* Ontario Substance Abuse Bureau
- Rush, B.R., Norman, R., Kirsch, B. and Wild, T.C.** *Assessing the critical characteristics of community support programs for people with severe mental illness.* Ontario Mental Health Foundation
- Sanyal, S.** (Supervisor: Van Tol, H.H.M.) *Transgenic overexpression and conditional Knock-out of the human D4 receptor in mice.* Ontario Mental Health Foundation
- Seeman, M.V. and Cohen, R.** *Gender differences and schizophrenia.* Bertha Rosenstadt Fund
- Seeman, P., George, S.R. and O'Dowd, B.F.** *Cloning of receptors mediating drug dependence.* National Institute on Drug Abuse
- Seeman, P.** *Schizophrenia and dopamine receptors.* Medical Research Council of Canada
- Segal, Z.V., Teasdale, J.D. and Williams, M.G.** *ACT— an integrative approach to prophylaxis in depression.* National Institute on Mental Health
- Sellers, E.M., Busto, U.E. and Tyndale, R.F.** *Role of CYP2C19 in ethnic variation in drug sensitivity.* Medical Research Council of Canada
- Sellers, E.M., Tyndale, R.F., Romach, M.K., Kaplan, H.L., Busto, U.E., Tomkins, S.E. and France, C.P.** *Pharmacogenetic risk factors in drug abuse: CYP variants.* National Institute on Drug Abuse
- Shain, M.** *Custom reports on survey data.* Aon Consulting
- Shain, M.** *Evaluation of Nortel's Wellness Program.* Nortel
- Shain, M.** *Revising the workplace health system.* Health Canada
- Shapiro, S., Lancee, W. and Rosamund, W.** *Therapeutic alliance with actual patients as a method for increasing communication skills in first and second year medical students.* Association of Canadian Medical Colleges
- Sills, T.L.** *Young Investigator Award.* National Alliance for Research on Schizophrenia and Depression
- Sobell, L.C., Cunningham, J.A., Sobell, M.B. and Gavin, D.R.** *Fostering self-change in problem drinkers.* National Institute on Alcohol Abuse and Alcoholism
- Stenn, P.G., Arrowood, J.S., Azadian, A., Jetly, R. and Fish, J.S.** *A 12 week, double-blind placebo controlled, parallel group study to assess the efficacy and tolerability of Paroxetine in patients ....* SmithKline Beecham Pharma
- Stuckless, N.** (Supervisor: Toner, B.B.) *Postdoctoral Fellowship.* Social Sciences and Humanities Research Council
- Teischer, M., Jain, U., Baldesarrini, R., Kutcher, S. and Pfeffer, C.** *D-Methylphenidate in children's ADHD.* Copley Pharmaceuticals Inc.
- Tolomiczenko, G.** (Supervisor: Goering, P.) *Young Investigator Award.* National Alliance for Research on Schizophrenia and Depression
- Tomkins, D.M.** *Comorbidity of alcoholism and depression: effects of 5HT manipulations in an animal model.* Ontario Mental Health Foundation
- Tomkins, D.M. and Fletcher, P.J.** *Central GABAergic mechanisms in regulating alcohol consumption.* Alcoholic Beverage Medical Research Foundation
- Toneatto, T.** *Development and validation of clinical measures for the assessment and treatment of problem gambling.* Ontario Substance Abuse Bureau
- Toneatto, T.** *An evaluation of different approaches to treatment for gambling problems.* Ontario Substance Abuse Bureau
- Toner, B.B.** *Depression and its psychosocial correlates in Caribbean women: a cross-culture study.* Social Sciences and Humanities Research Council
- Toner, B.B.** *Development of a gender role conflict scale for women.* Social Sciences and Humanities Research Council-GRG
- Turner, N.E., Littman-Sharp, N., Toneatto, T. and Stripe, T.** *Validation of the inventory of gambling situations.* Ontario Ministry of Health
- Turner, N.E., Toneatto, T. and Stanovich, K.** *Cognitive biases in problem gamblers.* National Centre for Responsible Gaming
- Tyndale, R.F.** *Drug metabolism in the brain.* Medical Research Council of Canada

- Uttun, T.B. and Rehm, J.** DALYS. National Institute on Mental Health
- Vaccarino, F.J.** *GRF: behavioural and physiological characterization.* Natural Sciences and Engineering Research Council
- Vaccarino, F.J.** *Pharmacology of feeding.* Rhone-Poulenc Rorer
- Vaccarino, F.J.** *The role of CCK in psychostimulant drug craving.* Medical Research Council of Canada
- Vaccarino, F.J.** *Studies of candidate CNS drugs in animal models of cognitive memory research.* Allelix Biopharmaceuticals
- Vaccarino, F.J., Palmour, R.M. and Ervin, F.** *CCK and anxiety: neurobehavioural characterization.* Medical Research Council of Canada
- Valente, C.** (Supervisor: DaSilva, J.) *Scholarship.* Natural Sciences and Engineering Research Council
